ABOUT US

Our story began more than a half-century ago. Back then we were a hand-woven rug producer and seller in a factory found by Abri brothers in Sardroud which is known as the capital of world's pictorial carpet. Today, we are privileged to connect with thousands of customers around the world. Our company as an exclusive collection of luxurious, elegant, and high-quality rugs has three branches in East Azarbaijan province of Iran

Sardroud Carpets: Weaving Tradition and Innovation

Sardroud is very famous for its rug weaving techniques by using Turkish knot which increases the quality and details of the pictorial carpets. Silk is the main material of fine quality pictorial rugs, but they use wool and cotton as well, likewise, the use of silk yarn increases the cost and value of the carpet by adding elegance and beauty. The process of changing the natural color of materials such as wool, silk, and cotton is called dyeing. In addition, there are two types of colors named natural colors and synthetic colors. With evolving and more advanced resources and manufacturing techniques, eco-friendly paint products are more stunning in the process of dyeing. After the process of weaving rugs on the loom according to the designed patterns, the rugs are polished by polishing machines and polish scissors. Fringes are knotted at the ends to ensure that the wefts and the knots do not unravel. Pictorial carpets can be framed the same way as you would do work or painting and they are designed to be hung from the wall

Tabriz and Sardroud: Masters of Pictorial Carpet Weaving

Senior carpet weavers weave pictorial carpets the same way as hand-woven rugs during the years in Tabriz, due to this fact, there 2500 past is no difference in quality, but the design and the rug density are the main differences.
